Vision / Mission

GROSSPAY GAMES AND ENTERTAINMENT is a gaming industry situated in Nigeria, we are aimed at giving full time entertainment and reward for gaming and betting to our customers in Africa starting from Nigeria, to achieve this aim, looking at the raising passion of our customers to get paid while having fun. To hit 200 branches/offices of our company in the first twelve (12) months as well as introducing new gaming facilities to give our customers a better entertainment experience. Also to technically help startups around the community thrive in an enviable height and build a conducive environment for learning of new technology as it suffice.

AN OVERVIEW OF GROSSPAY GAMES AND ENTERTAINMENT

GROSSPAY GAMES AND ENTERTAINMENT is an online/offline gaming software which allows users to win big by simply picking numbers with favourable odds. This game features a virtual package which comes with an instant result display, users are expected to pick numbers and get results within the minutes. It also features daily games, midweek games and weekend games. Grosspay also host other varieties such as special BONUSES within every month for its users alongside with other weekly and daily bonus. All these in one package. It also host an online website for results and several duties. With the right mind we are glad to say that Grosspay has all it takes to be called the best betting platform in Nigeria, Africa and the World at large.”.

GAME FEATURES

Virtual betting

The screenshot shows a virtual betting interface with a dark background. At the top, it says "GROSS PAY" and "THE MORE YOU PLAY". On the right, it shows "TIME:- 03: 59". The main area features a 5x8 grid of numbered boxes. Some numbers are green, some are red, and some are grey. A "VIRBAL" button is located at the top left of the grid. To the right of the grid, there are several buttons: "CHECK", "X1YRBEG", "AMOUNT:- 500.0", "50", "100", "500", "1000", "CASH-OUT:- 36000.0", "RESET", "CLEAR", "PRINT", and "RUN". At the bottom left, there is a note: "0 3 no:-0-40; odds :-1-7; outcome :-3/5 & above". A watermark at the bottom right says "Activate Windows Go to Settings to activate Windows".

This is a program with instant result, which consists of numbers ranging from zero to forty (0 – 40) with active odds ranging from one to five (1 – 5). One is expected to select five (5) numbers and expect at least three (3) or above or all selected numbers to appear as outcomes on the result board. Odds attached to these outcomes multiplied by each other then multiplied by the amount staked produces the winning amount.
